

Independent Practice

Name: _____ Date: _____

Part I: Word Sort

Directions: Write each word or phrase in the correct category in the chart. Some words or phrases may go in more than one category. At the bottom of each section, add in your own example.

Battery-powered car	Campfire	Guitar	Lighting a match		
Radio	Windmill	Drums	Flat iron	DVD player	Clapping

<u>Electrical Energy</u>	<u>Sound Energy</u>	<u>Light Energy</u>	<u>Mechanical Energy</u>	<u>Chemical Energy</u>
<u>My Example</u>	<u>My Example</u>	<u>My Example</u>	<u>My Example</u>	<u>My Example</u>

Part II: True Statements

Directions: Circle the word in parentheses that makes each statement true.

- An electrically-charged object will (attract, repel) another object that has the same charge.
- Energy is the ability to do (work, motion).
- Chemical energy is (stored, work) energy.
